

# AIR CONDITION

Keep shrubbery away from vents

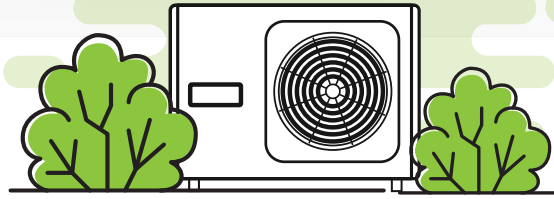

Install your units on the best shaded side of your home

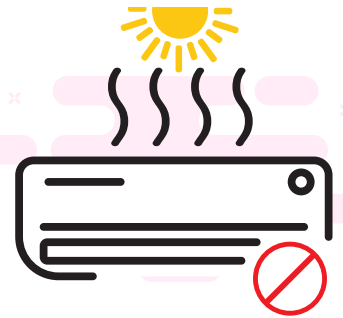

Do not block air vent with furniture

# AIR CONDITION

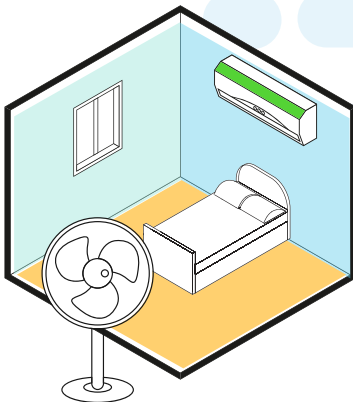

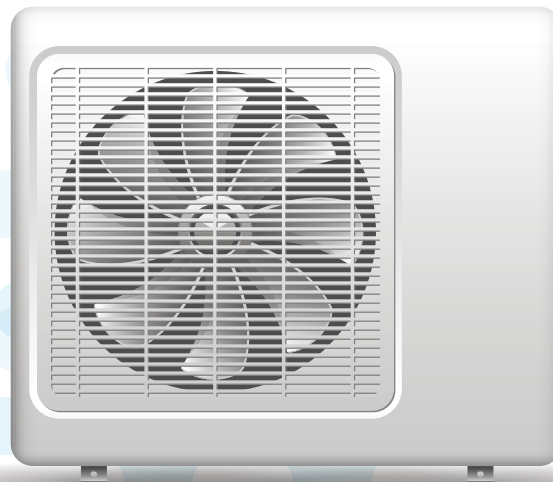

Allow adequate free space,  
on the outside, to exhaust hot air

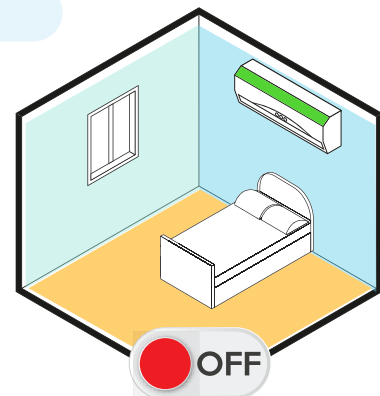

Close the fresh air  
intake on very  
hot days

Service / maintain all  
your units on a  
regular basis

Add a fan to your room  
to help your air conditioner  
cool more efficiently

Do not leave units  
on in unoccupied rooms
